## REGIONAL OFFICE FOR ASIA AND THE PACIFIC

### APPLICATION TO THE JAPAN-IMF SCHOLARSHIP PROGRAM FOR ASIA AND THE JAPAN-IMF MACROECONOMIC SEMINAR FOR ASIA

October 3, 2019

To whom it may concern:

The IMF Regional Office for Asia and the Pacific (OAP) is pleased to inform you that the application for the above-mentioned programs is now open. We would be grateful if your institution could identify interested officials and nominate them for application. A detailed description of the programs is available on OAP's website at <https://www.imf.org/en/Countries/ResRep/OAP-Home>.

#### I. Japan-IMF Scholarship Program for Asia (JISPA) for Junior Officials

**Partnership-track (for master's studies):** The JISPA is designed for junior government officials from economic policy-making agencies in emerging and developing economies in the Asia-Pacific region. We plan to award 35 scholarships under the partnership track where the scholars study on specially designed master's programs at one of the four partner universities<sup>1</sup>. The curriculum of each partnership program has been developed to further strike the best balance between theory and practice. Skills to be attained by scholars are proposed by each master's program to help target officials and their agencies identify the program best suitable to their career. **The application deadline for AY2020-21 is December 1, 2019.** Accepted scholars are expected to put their knowledge into practice upon returning home as part of the Fund's capacity building efforts.

**Open-track (mainly for Ph.D. studies):** In addition to the partnership track scholarships, the JISPA also provides a small number of scholarships under an open-track program. Applicants should be government officials who would like to pursue graduate studies (preferably at the Ph.D. level) in macroeconomics at any reputable institution in Japan. **The application deadline for AY 2020-21 is June 1, 2020.**

JISPA website: <https://www.imf.org/en/Countries/ResRep/OAP-Home/JISPA-Home>.

**Continuing-Education Program for JISPA Alumni (JISPA-CE):** In collaboration with IMF Institute for Capacity Development (ICD) and regional training centers, OAP will continue to offer the JISPA-CE to support the alumni's career-long education and training. The JISPA alumni who have gained more than seven years of work experience in a public sector after the completion of their JISPA education will be targeted. The third JISPA-CE is expected to be held in spring 2020 in Japan. OAP will announce this training program through our website and the JISPA alumni networking site once details descriptions have been confirmed.
